

ENVIRONMENTAL SUSTAINABILITY POLICY

Policy number	16	Version	1
Drafted by	MWaters	Approved by Board on	
Responsible person	The Board	Scheduled review date	2023

INTRODUCTION

The earth's environment is under severe stress from uncontrolled human activity, threatening the survival of our society and the performance of 103.9HopeFM Esperance Community Radio's mission.

103.9HopeFM Esperance Community Radio accepts that it must work to preserve the environmental sustainability of the planet, at all levels of its operations – in its own practice, as a participant in a community of practice, and as a participant in the Australian social discourse.

103.9HopeFM Esperance Community Radio aspires to minimise its impact on our environment and maximise the effective use of resources. We strive to achieve this by increasing communication and awareness of our efforts in accordance with this policy and fostering responsible environmental behaviour amongst any staff, volunteers, and users at all levels.

103.9HopeFM Esperance Community Radio is committed not only to complying with applicable law in all of its operations but to minimise risks and impacts through the development of robust and documented systems to implement, measure, monitor, and disseminate excellent environmental performance both within its operations and to the broader community.

PURPOSE

This Environmental Sustainability Policy aims to integrate a philosophy of sustainable development into all the organisation's activities and to establish and promote sound environmental practice in our operations.

POLICY

103.9HopeFM Esperance Community Radio commits itself to minimising its impact on our environment through

- Providing a safe and healthful workplace;
- Having an environmentally sustainable aware culture, where responsibility is assigned and understood;
- Being an environmentally responsible neighbour in our community;
- Conserving natural resources by reusing and recycling;
- Using, in our own operations, processes that do not adversely affect the environment;
- Ensuring the responsible use of energy throughout the organisation;
- Participating in efforts to improve environmental protection and understanding;
- Taking steps to improve environmental performance continually;
- Conducting rigorous audits, evaluations, and self-assessments of the implementation of this policy;
- Working with suppliers who promote sound environmental practices; and
- Enhancing awareness among our employees, volunteers, and users – educating and motivating them to act in an environmentally responsible manner.
